

Our Objectives

Cleaning Coalition
of America

CLEANING STANDARDS

Leverage industry expertise to develop data-driven and sustainable commercial cleaning industry standards that protect public health.

HEALTH CRISIS MITIGATION

Incorporate lessons learned from the COVID-19 pandemic to understand how to mitigate future disease outbreaks through government funding for research and innovation within the cleaning industry.

PUBLIC HEALTH SAFE HARBOR

Create safe harbor protections to safeguard businesses in compliance with public health guidance and workplace protection standards from costly litigation.

WORKFORCE DEVELOPMENT

Advance equitable workforce development programs that promote innovative hiring, training, retention, and upward mobility policies and practices.
